

Invasive Plant Patrol Team Survey Summary Sheet

Please complete and include this form, along with a summary map showing all sectors surveyed by your team this season, as cover sheets to your team’s compiled *VLMP IAP Screening Survey Documentation Forms*. This form is intended to help you track the survey activity of the individual IPP units on your lake, and provide a useful summary of this activity for others. (*A ‘unit’ is defined as an individual, a pair, or small group of surveyors working together and reporting on a single survey form.*)
